WORLD CLC DAY 2024

To the World Community

Dear friends:

On 25 March, the feast of the Annunciation, we will celebrate another World CLC Day. Following the path, we started some years ago and the positive feedback we received, we want to continue this tradition of bringing the world community together in prayer. We recognize that this is a space in which we feel more like one world community. We invite you to **save the date** to share together this time of prayer. This year it will be on **Saturday 23 March at 15:00 CET**.

The preparation of this space this year will be done by the CLC national communities in Latin America. We thank them for their generosity and their time to help us unite in prayer and invite you to keep them in your prayers during this time of preparation.

In the days leading up to our community prayer we will share with you the details so that you can prepare and live it in community.

Looking forward to meeting you soon, we ask you to extend this invitation to the entire community in your country.

In Christ,

Manuel Martínez Arteaga
Executive Secretary

Rome, 22nd January 2024
