## Executive Secretary

### To the World Community

Dear Friends,

Over the past months, the Leadership Community in Discernment (World-ExCo) undertook a communal discernment process for selecting the next head of the Secretariat in Rome. We have been humbled by the generosity and giftedness present in the world community. We are grateful to all of you who have made yourselves available for the position, and to all of you who have accompanied us in prayer during this process.

Now, with great joy, we wish to share with you that **Elena Yeyati, from CLC in Argentina, has been chosen to be the next Executive Secretary of the Christian Life Community.**

Elena has been a member of CLC since 1996. We want to highlight her friendly nature and knowledge of our lay Ignatian spirituality. Her professional background will be an important asset to the community and especially the office in Rome where we are sure there will be a lot to do. CLC needs to continue to establish itself as One World Community but also continue to grow as an important institutional partner, in particular, to the Society of Jesus and the Church.

She will assume her position as an appointed member of the Leadership Community in Discernment (World-ExCo) and as Executive Secretary in January 2025, after a concurrent transition period with Manuel Martínez in Rome.

In the meantime, I ask you to please hold us in your prayers during this period of team transition.

Fraternally,

**Chris Micallef**  
President
